FACES

Hueneme High School will persist in the mind of every person not as just a school but as an entity constituted of the faces of classmates, teachers and staff members. Through these faces, your '72 *Voyage* staff has attempted to capture the pulse beat of emotion at Hueneme; eager faces, excited faces, sad faces, happy faces, the expectancy in the faces of underclassmen as they prepare to accept the responsibilities of higher class levels, and the uncertainty in the faces of the graduating Seniors as they hesitate for a reassuring glimpse of the past years. With each expression there lies an aspiration, a trial or joy that is recorded in these pages to be relived in later years.

Happy faces —
Not learned but shared
And the more shared
The more abundantly
Possessed

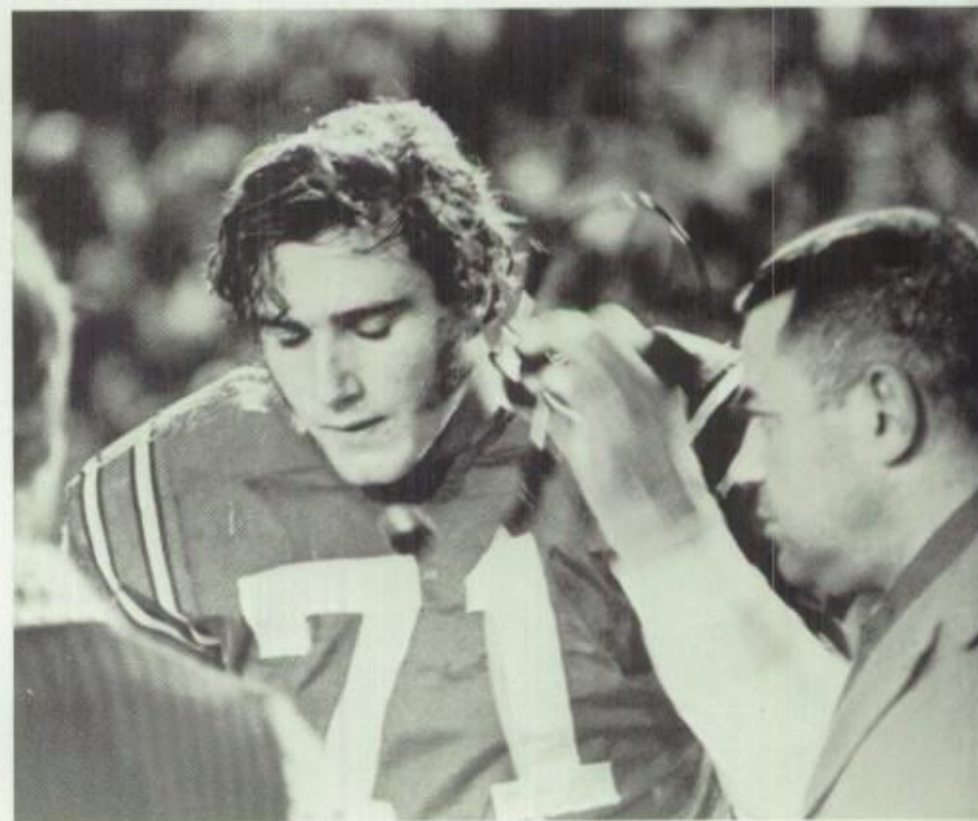

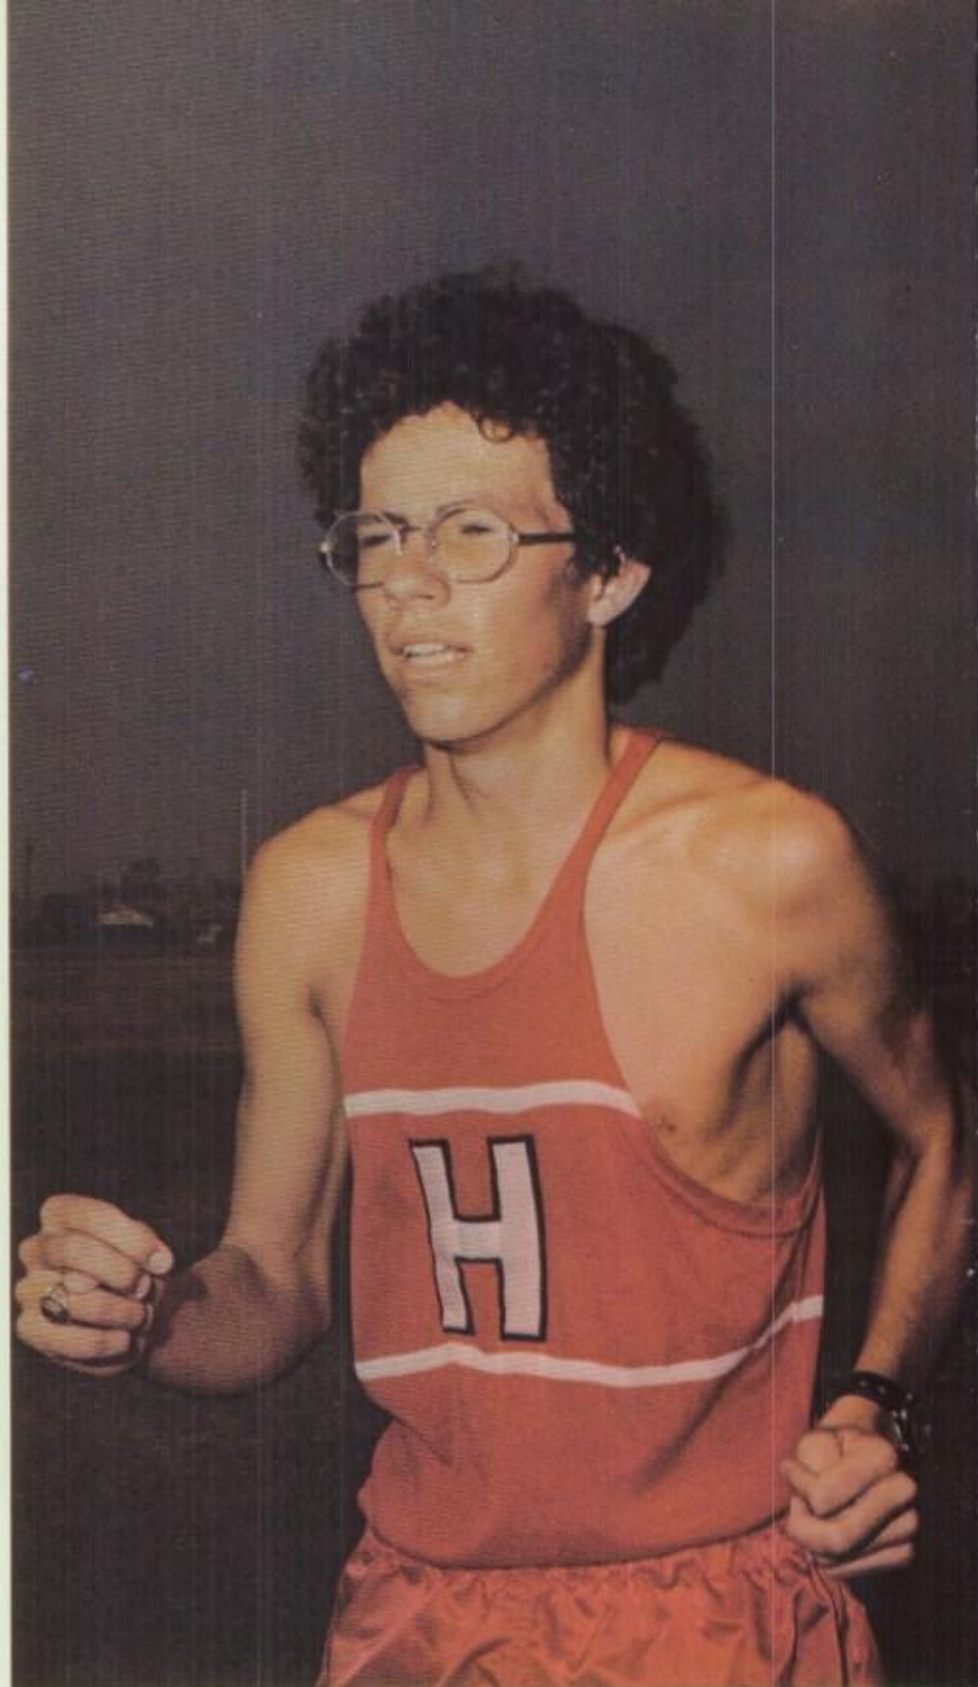

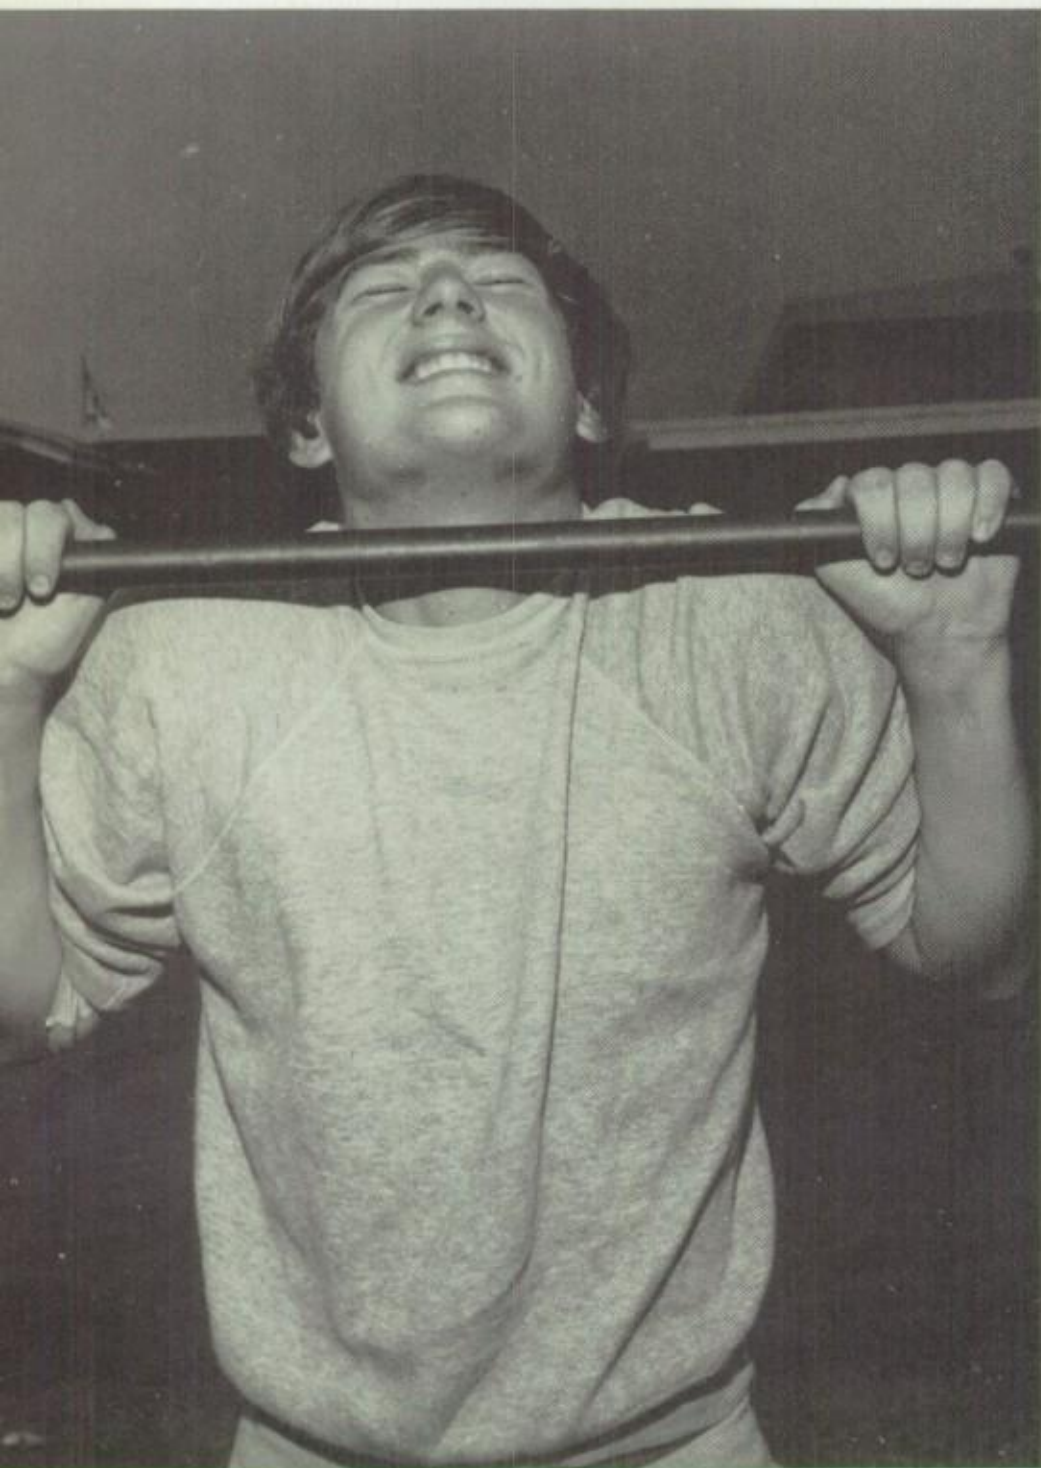

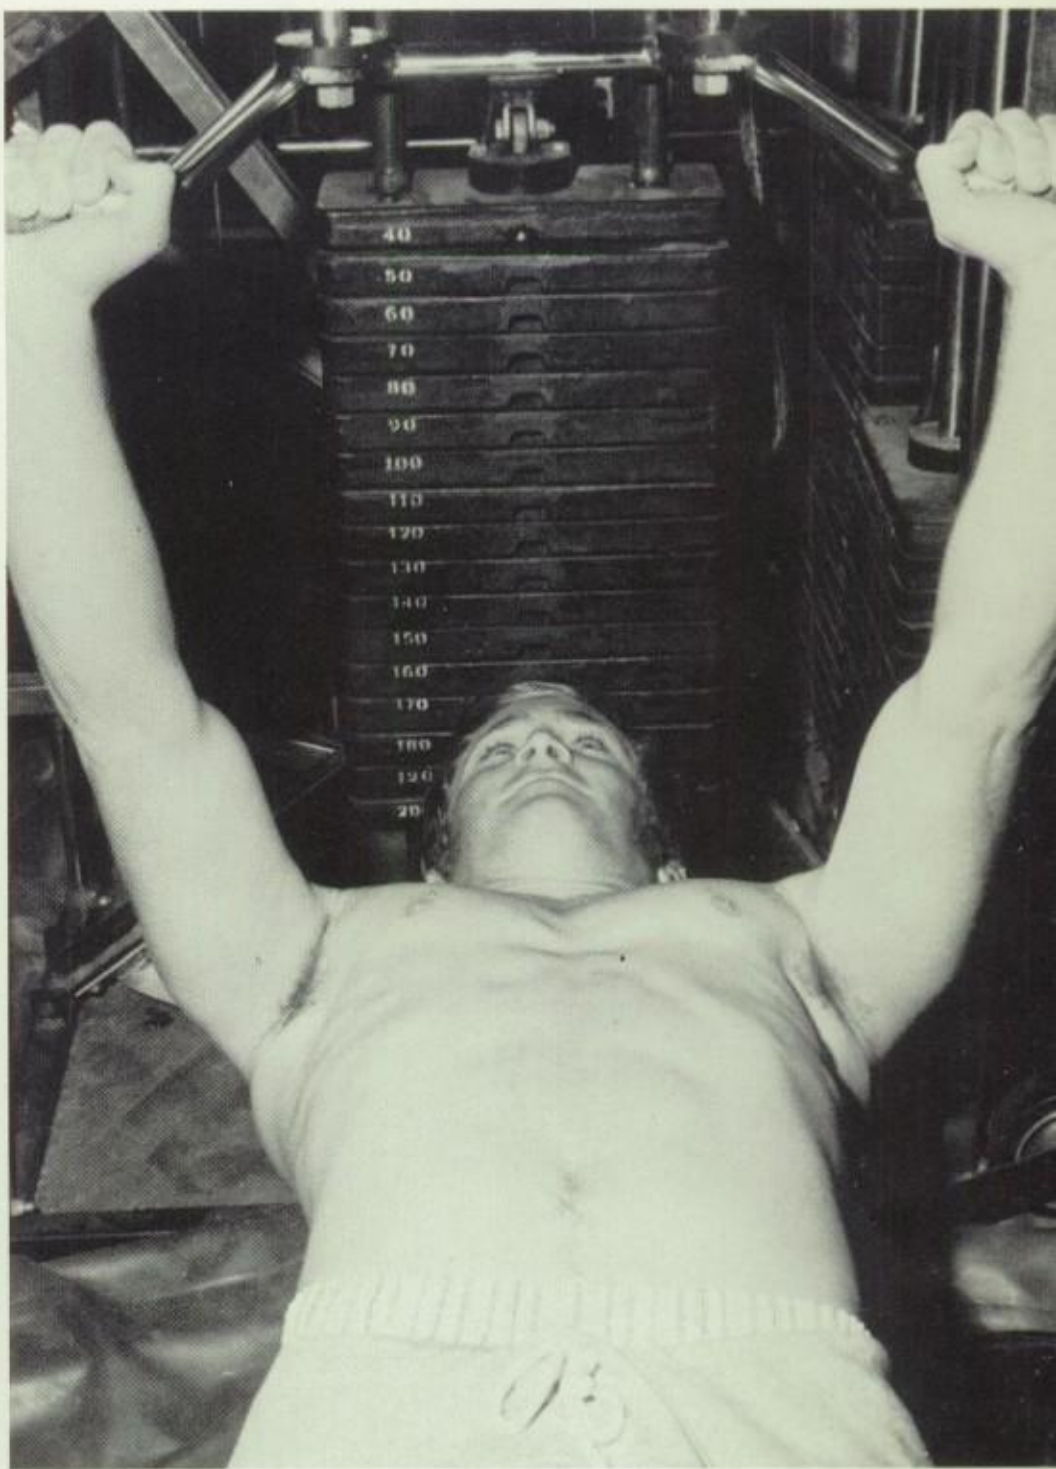

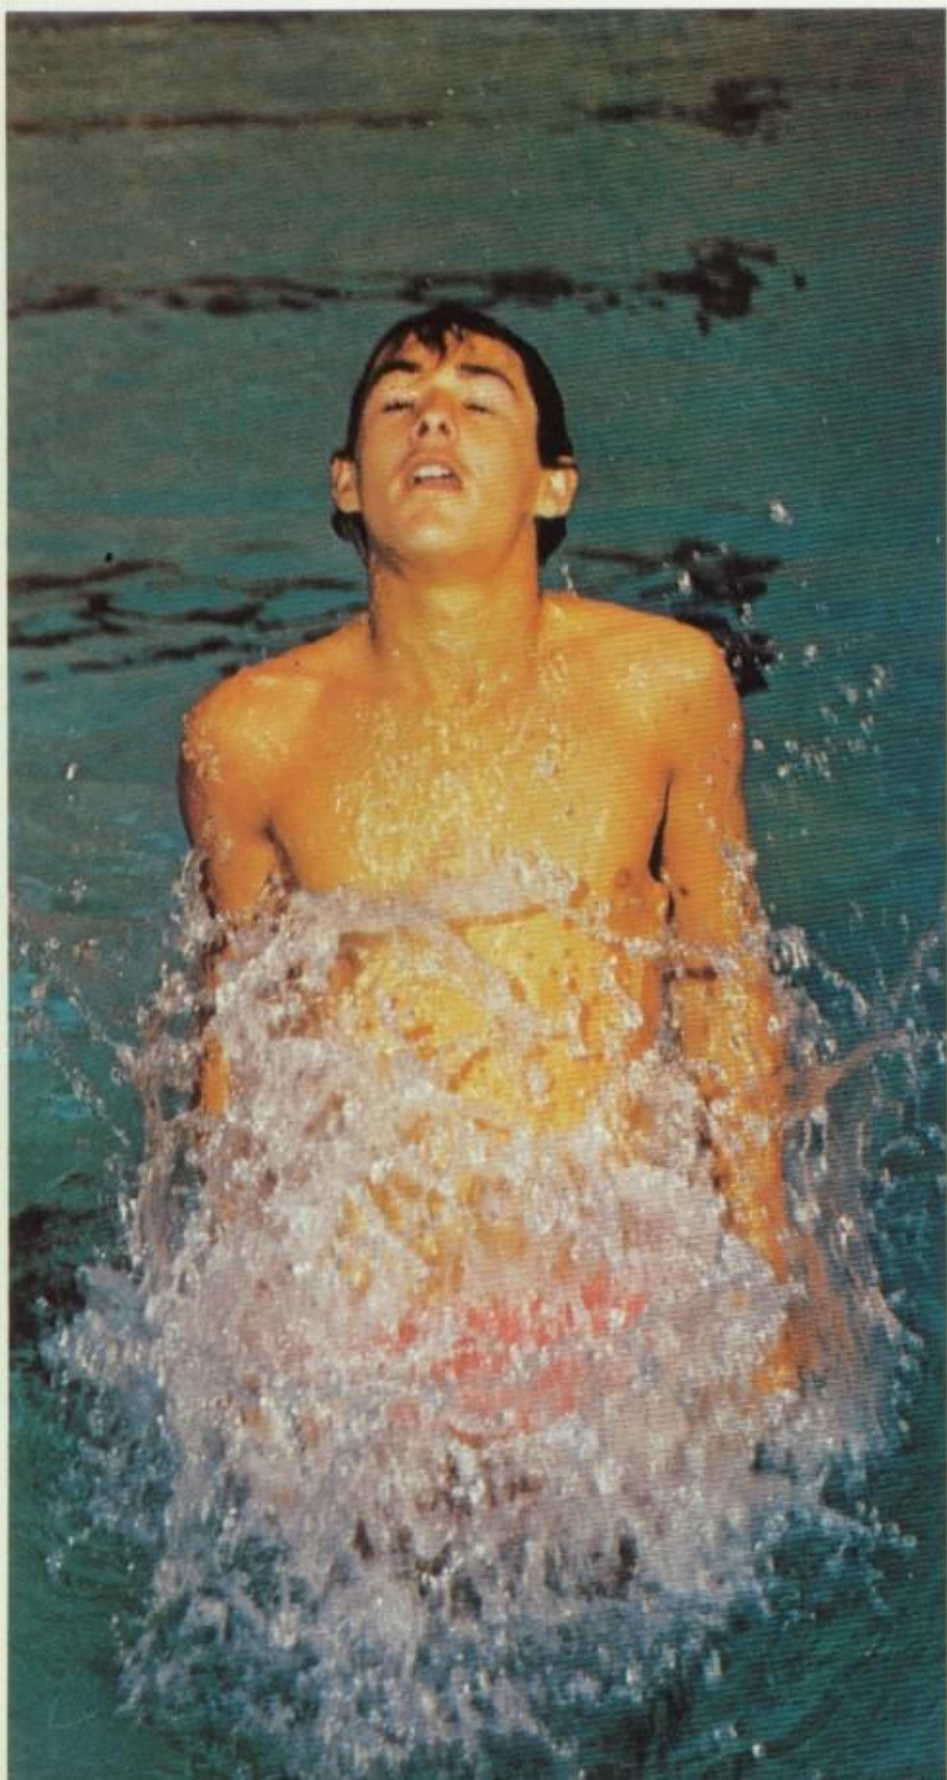

Somber faces —
The inside thing, alone,
A part that can't
Be shared

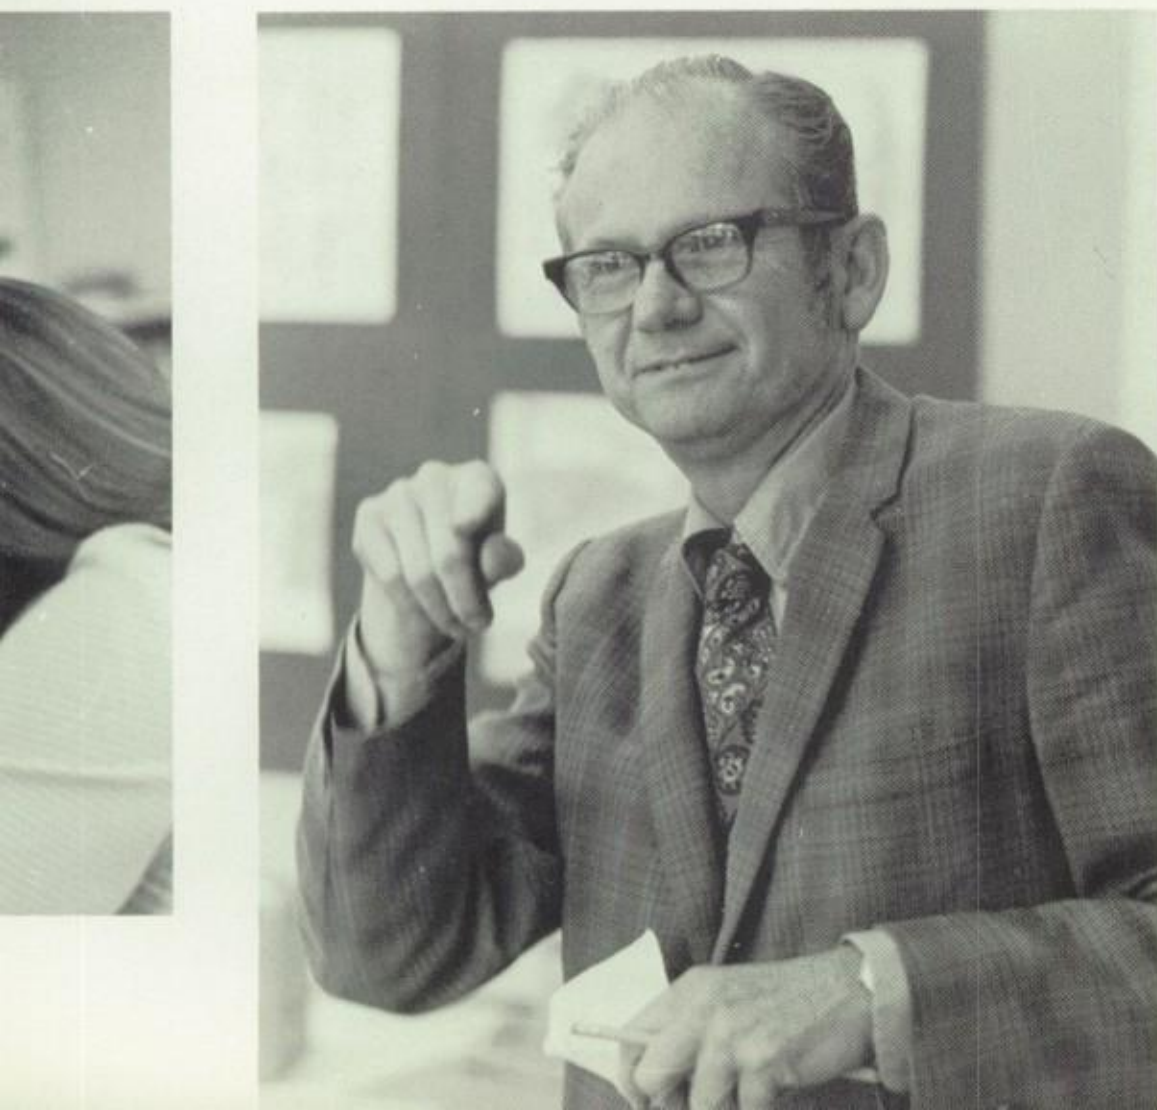

Determined faces —
To make what is hard look easy

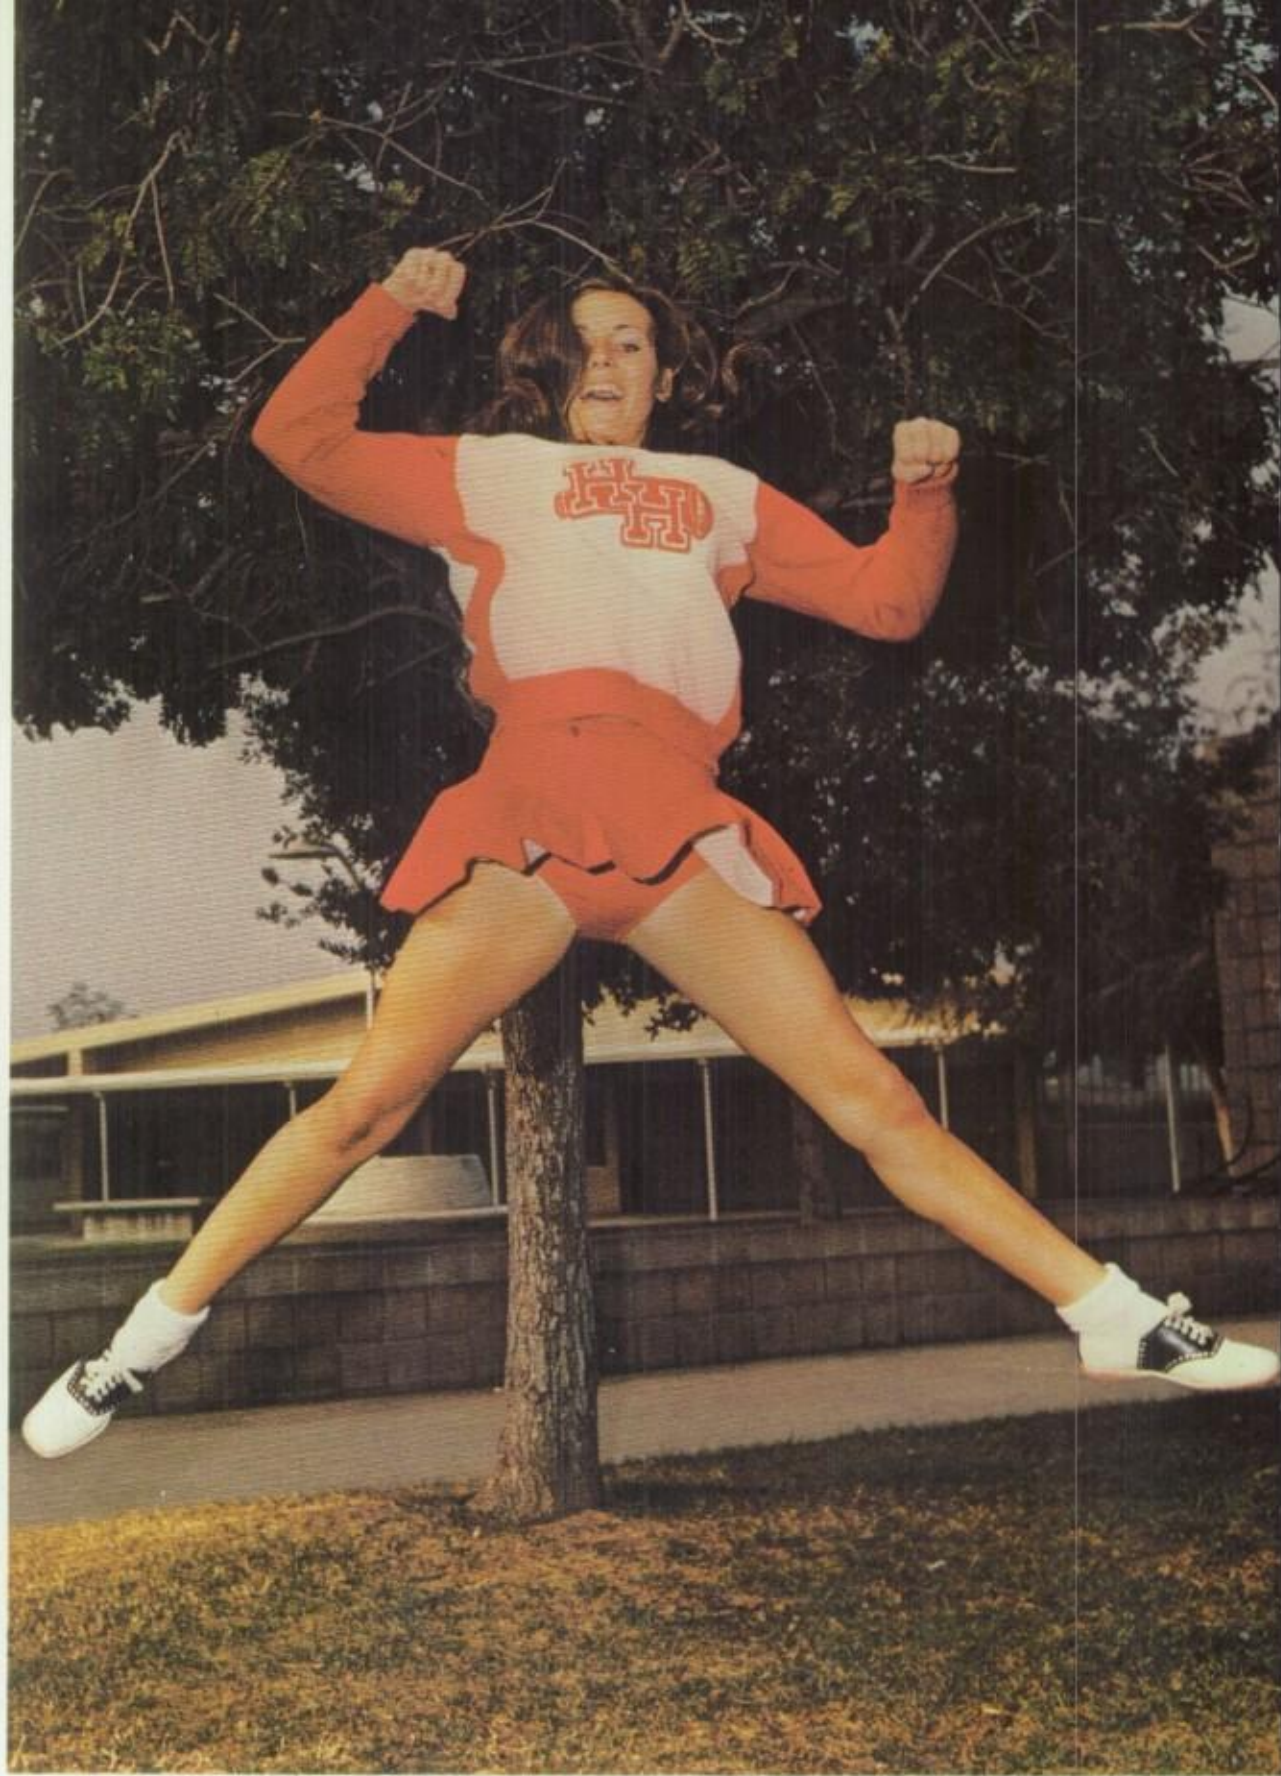

Faculty faces —
Between us,
We must build a world
To fill a gap

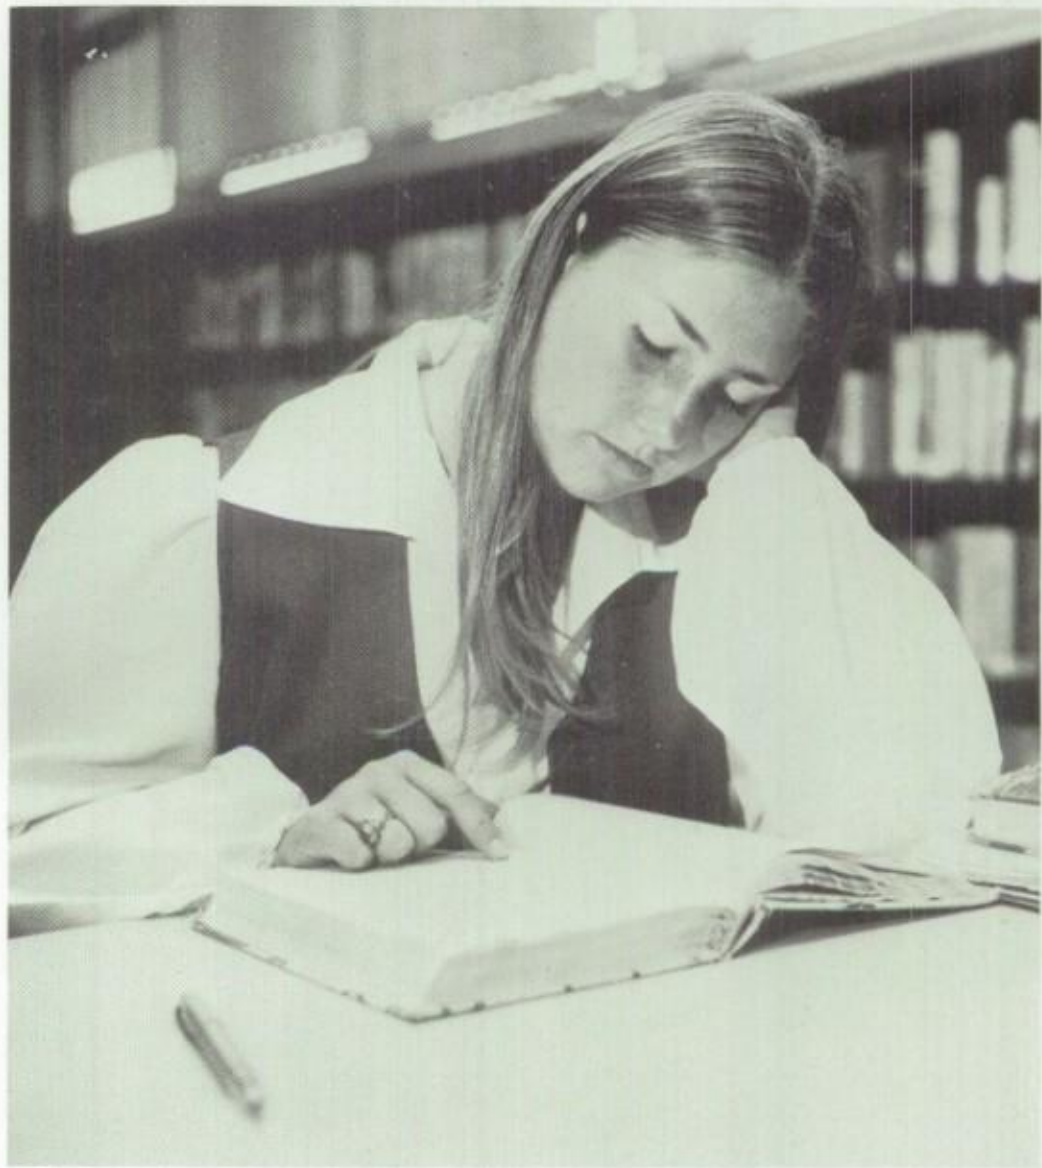

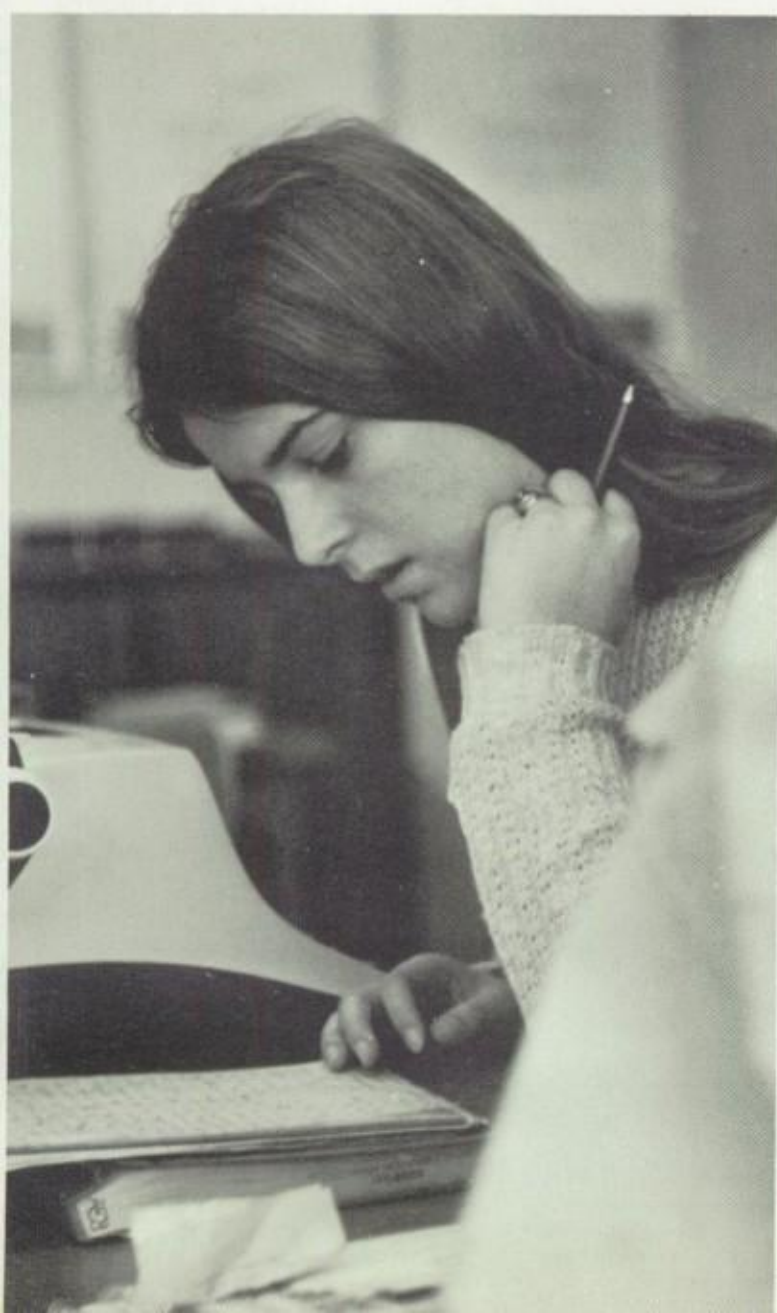

Excited faces —
All week you wait for Friday night
To let it all out.
Fun is the name of the game

so little
have fun
summer out of
this stay
and trouble.
from G. Porter

Diligent faces —
 Learning to trust ourselves
 And our capacity to learn,
 To trust what we know.

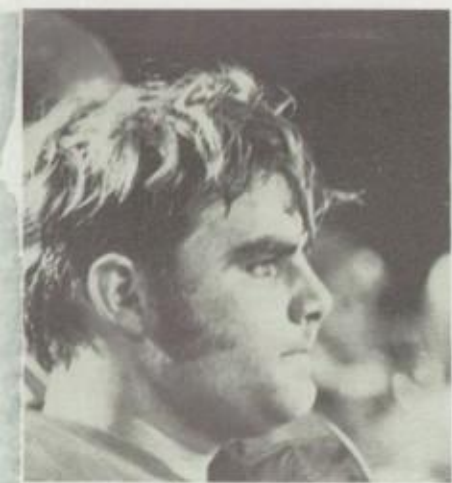

When we were young
We thought that we
Were not seen when
We closed our eyes
Now we know the
Sometimes even open eye
Do not see

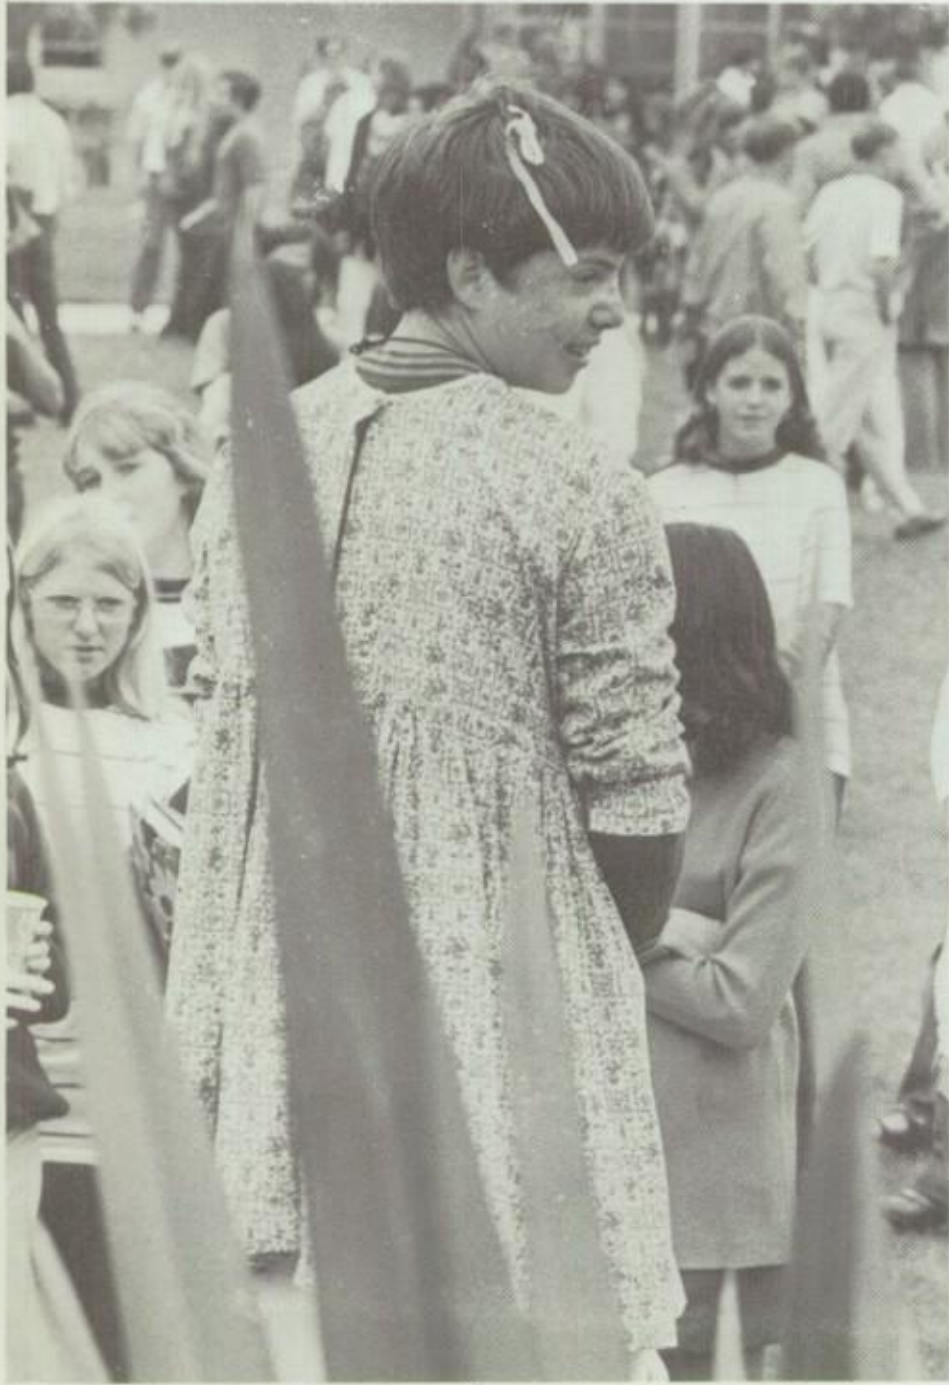

Kyle,
 I really didn't
 get to know well this
 year but I know you well.
 Just want to say they friend.
 to make our Spanish class a little
 brighter. I wish you lots of love and
 laughter
 Love,
 Cathy Curran

Slave Day Marks New Year

With the start of each year is the initiation of freshmen to high school life, known as Slave Day. Struggling freshmen were rounded up and sold as slaves to upperclassmen. On Friday, the slaves were forced to satisfy every whim of their master who remembered their own freshmen agonies. The resultant fun provided a memorable day for all and established the freshmen as a spirited class.

Sadie Hawkins

"Dog Patch, USA."

The first big dance of the year was the annual Sadie Hawkins Dance. This dance was sponsored by Girls' League for which many "Daisy Maes" asked their favorite "Li'l Abners" to an evening of foot-stomin' and country livin' in the transformed Hueneme High "barn."

Emotions Stirred At 72 Homecoming

The highlight of the fall semester was the 1971 Homecoming celebration. On this night of memories, Hueneme alumni returned to share the thrill of victory as Hueneme trounced Dos Pueblos. During the elaborate half-time ceremonies the beautiful, Queen Francis Whitworth was escorted by Riley Shanks near midfield to be crowned. In the float competition, the senior class entry was judged the victor. Homecoming 71, with the theme of "Let There Be Light," was a spectacular success, and united all Vikings old and new.

"Silver Bells" Sets Christmas Mood

As customary of all the dances this year, "Silver Bells," which was held in the Ventura Room, was a great success. Silver bells and golden sleighs filled with candy presented an appropriate setting for the dance. Denise Miller made the presentation of Mr. and Mrs. Santa Claus, which went to Henry Aguilar and Lisa Meredith. "Silver Bells" was a most beautiful way to start off the Christmas season.

Sweethearts' Formal; An Evening of Fancy

"How do I love thee? Let me count the ways" was the theme of the Girls' League Sweethearts Formal. This backwards dance brought couples together for a romantic evening at the Oxnard Room. Hearts and flowers adorned the walls, and the light music of "Guys and Dolls" gave the perfect atmosphere. By virtue of sophomore girls buying the most tickets, sophomore Sandy Lievsay and Mark Orton were coronated King and Queen. Their court consisted of Naomi Villanueva and Randy Marple, seniors; Karen Evans and Rick Roman, juniors; and Carolyn Takahashi and Mike Reeves, freshmen.

Assemblies Promoted Spirit and Interest

The sacrifice of seven minutes from each class that made our assemblies possible were all well invested. Through the efforts of the pep squad and band, interesting and exciting programs were presented, highlighting the sport in progress at the time. Included were previews of school activities, such as drama club plays and orchestra and choir concerts.

Individuality Emerged at Noon

Many times throughout the year we have wandered out into the quad and found, much to our amazement, people standing in a circle watching other people trying to ascend a greased pole or eating cream pie or some other such peculiar activity. At other times while meandering about the quad, we have seen people racing tricycles, as if they were back in kindergarten, or participating in a sack race, which could be better termed a stumbling race. Many times we hear strange noises coming from the gym. This is usually the sound of people dancing to some rhythmic soul beat. All these extraordinary, provocative, and exciting activities have filled our noontime to make them a little more interesting and enjoyable.

What's in a . . . Boy? . . . Girl?

The age-old pastime of girls watching boys and boys watching girls is quite widespread on the Hueneme campus. Every boy and every girl has definite ideas on how they look at the opposite sex. When a group of girls were asked, "What do you look for in a boy?" the answers were as varied as the girls themselves. Every girl has her own idea of the "ideal boy." Many like the outgoing type with a good sense of humor while others prefer the shy type. Whatever a girl wants in a boy, be it a special look or a character trait, she will try to find what she's looking for in every boy she meets.

Many boys on campus were asked what they looked for while watching the girls go by. The great majority agreed that it's the hair and face that will strike them first. Femininity is what appeals to most boys, and to them long hair symbolizes femininity. Like girls, boys also look at a girl's general appearance. After a boy has been attracted through her external appearance, many like to get to know the inner girl.

After a boy and girl have found each other, the relationship can develop into something very close and special. During recess and lunch, empty classrooms, windblown trees, and the halls provide couples with spots where they can be together during school hours. Watching the couples walking down the hall holding hands or talking together in the halls confirms the old adage "love is blind." A boy and girl, having found what seemingly is the perfect mate, will ignore each other's bad characteristics, seeing only the good traits. Life becomes happier and easier to live as seen by the glow on the couples' faces and the smiles of happiness when the boy and girl are together.

Organizations

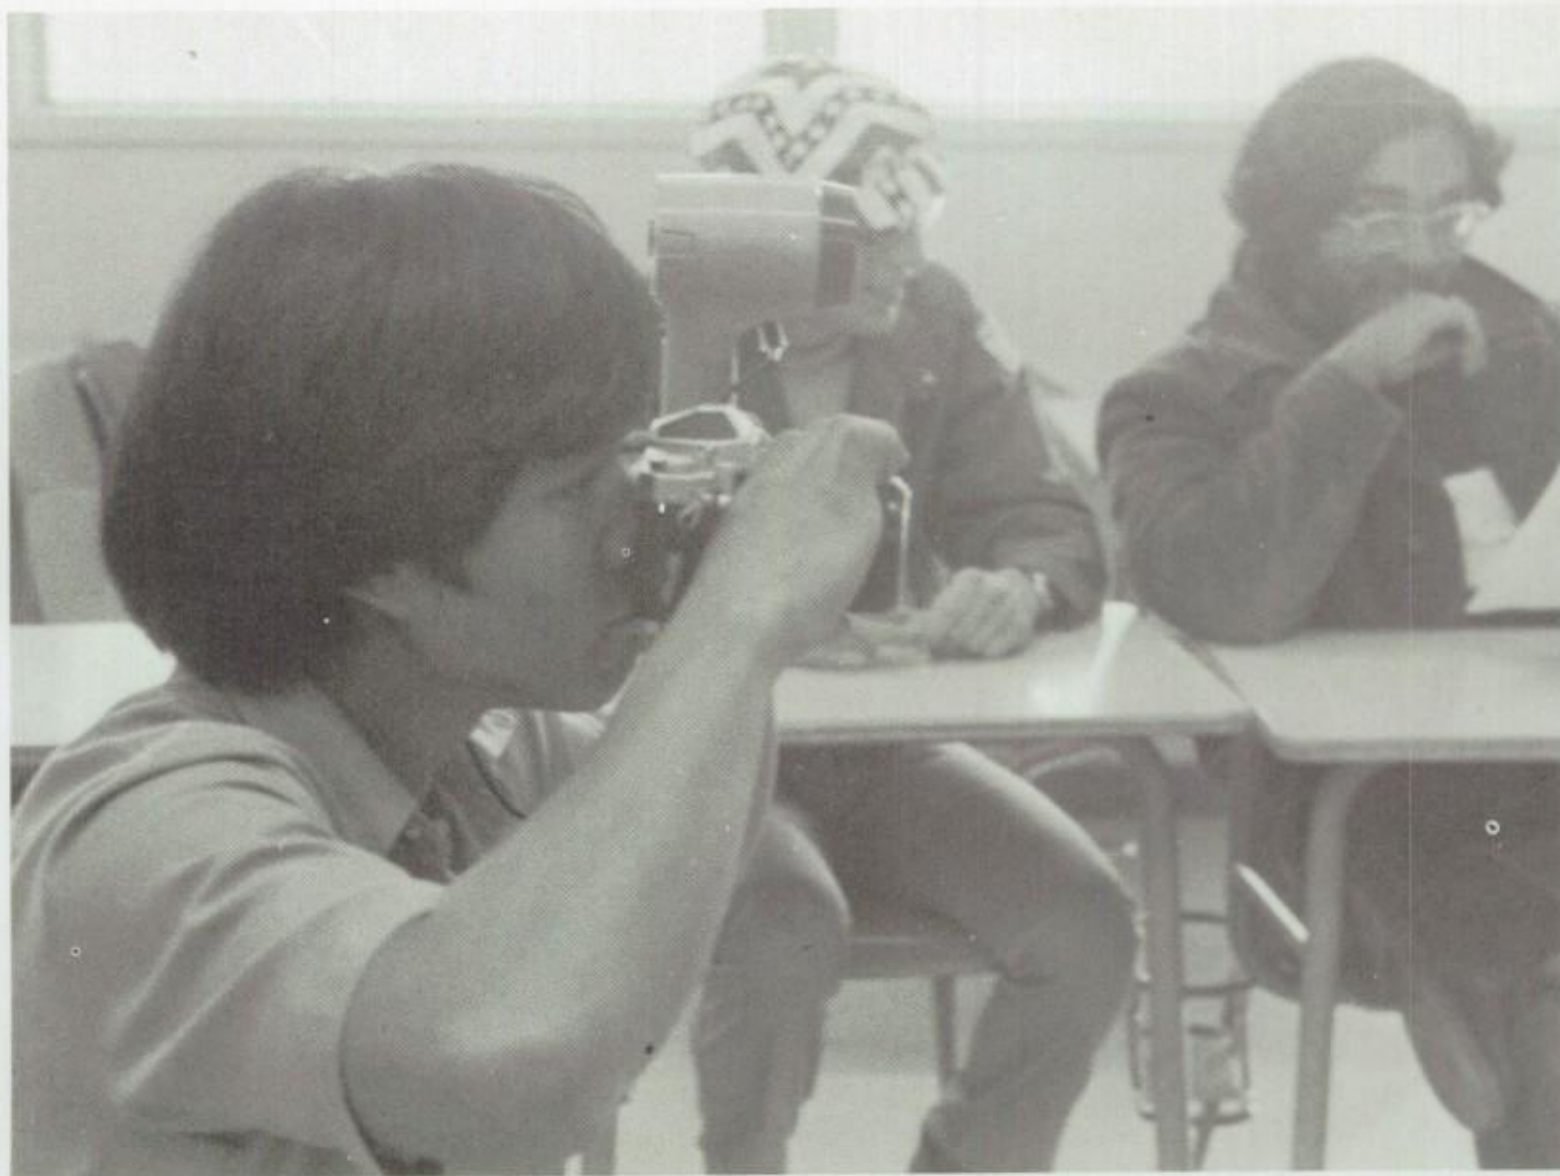

The Student Government had a busy and productive year sponsoring activities which helped to promote school spirit, school improvements, and include the student body in the year's events. Highlighting the year was the successful "Viking Lights" drive which helped establish the new Hueneme Stadium. Shaving cream, coke and water balloons finished the year at the long awaited initiation picnic. The year was over, the work done, and the group was relieved that the year had come to a close.

Yearbook Staff Completes 72 Voyage

Eager to produce a memorable yearbook, the Voyage Staff set its goals high and strived to achieve them. Staff positions were appointed and the painstaking process of creating an annual began. Many weekends were sacrificed to work on the book and at times, the tiny staff worked far into the night drawing layouts, cropping pictures, and writing copy in order that deadlines might be met. Relief and satisfaction filled the hearts of the Voyage Staff as the year ended with the distribution of the annual.

Viking Shield, People Magazine Increased Student Awareness

A small but ambitious group of journalist kept Hueneme High students informed about school news by regularly providing free copies of the Shield newspaper. Pressing schedules and a small staff made the year tough but rewarding under the skillful direction of Bob Hamm, editor, and this year's sponsor, Mrs. Locke.

This year the People magazine staff worked hard to create a magazine exhibiting the creativity of Hueneme High students.

The California Scholarship Federation is an organization composed of students who have maintained a 3.5 grade point average for the semester. The CSF strove to excel in the area of scholarship, service, leadership, and character. This year's club initiated the practice of giving free tutoring to students who requested it. Among other activities were semester field trips to provide educational experiences to CSF members. Students excelling in a particular field were chosen to represent the school in the annual Knowledge Bowl team.

French and German Clubs Explored Cultures

French Club members had a taste of true French flavor when they held their annual awards banquet at a French restaurant this year. It was a fitting celebration to end a busy year of hot chocolate and donut sales, popcorn ball sales, ice skating at Topanga Plaza and helping Girls' League with their Camarillo Christmas party.

German Club members combined fun with learning this year when they went to see a German movie in Los Angeles and followed it with a genuine German dinner at a German restaurant. But there was much work to be done to pay for pleasure. Members worked hard during the year on many different sales and football concessions.

The Spanish Club is a cultural club with the basic purpose of providing additional activities in, and exposure to the Hispanic world. The activity that contributes most to this purpose is the biennial trip to Mexico taken by interested members during the summer. The club kept busy during the school year by participating in Homecoming with the entry of a float, by helping with the Camarillo Christmas party, and by taking field trips that focused on Spanish culture.

Mecha is a new club on campus, created to unite Mexican-American students. Working together, the members encourage pride for and interest in the heritage of Mexican-Americans.

Through the mutual exchange program offered by the American Field Service, students are able to become familiar with the living standards and cultures of foreign countries. This year Pierre Barnier from France became a part of the Hueneme High student body and helped interested students gain a better understanding of life styles in France. In turn, Pierre became familiarized with American life by living with the Moranda family, making friends and participating in activities at Hueneme.

Ron Pierce, also a part of the AFS exchange program, came back to Hueneme High after a year in New Zealand, with an increased knowledge of life in another country. After the sharing of his experiences and ideas with fellow classmates at Hueneme, there came a better understanding for all students.

This year Future Homemakers of Hueneme combined and organized skills to help each member improve their roles as homemakers and responsible members of a community. Good citizenship activities included assisting with P.T.A. projects, contributing to the Girls' League Christmas party, collecting and packaging clothing for the needy at Christmas, and sponsoring a "Better Nutrition" poster contest in school. The club also added a dash of flavor to the school newspaper by testing and providing a favorite recipe.

The 1971-72 school year began in a flurry of painting and carpentry for the Drama Club as they gave the drama room a new look. Under the direction of Mr. Penhallow they spread happiness around the Hueneme High campus with many varied dramatic activities. Behind the scenes action included a Flea Market, candy sales, football concessions, and assisting with the Camarillo Christmas party.

Students Prepare for the Future

Distributive Education Club of America provides an outlet for part-time workers at Hueneme High to share ideas and learn more about the philosophy of retail/merchandising. During the year, activities furthering this purpose included attendance at a leadership conference, the sponsoring of an employer by each club member and an employee-employer banquet at the end of the year to express appreciation for jobs.

Another organization allowing business minded students to get together is Future Business Leaders of America. This year members learned to work together effectively in organizing activities with FBLA clubs from other schools, by raising funds for the Viking Lights, and by decorating the dining area for the annual athletic

banquet. Ability in speed and efficiency was also increased during a competition at a State and National Convention.

This year the members of the Future Teachers Association experienced the challenge of sitting behind the teacher's desk instead of in front of it, while serving as teachers' aides at local elementary and Jr. High Schools. While attending the Future Teachers Association's conference at USC, members had the opportunity to exchange opinions about teaching with other prospective teachers and professionals. The Club also helped with the Camarillo Christmas party and through many sales, raised money for a \$100.00 scholarship to be presented to an outstanding club member.

Service Rewarding

Prospective nurses kept busy this year learning the skills of bandaging, temperature-taking, and caring for the sick. A visit to a hospital helped members become acquainted with medical facilities. Some of the girls gained practical knowledge of nursing through voluntary service at local hospitals and convalescent homes, and through assisting the school nurse.

The concerned environmentalists of Hueneme High banded together this year in the Ecology Club. To promote concern for the preservation of nature the club invited all interested students to see a Sierra Club film. Other meaningful projects included a bike hike, a bottle drive, and an aluminum can drive.

Girls' League Welcomed the Opportunity to Serve

Girls' League began an active year by welcoming Freshman girls with a Fashion Show and Pool Party. This was followed by the annual Sadie Hawkins Dance, complete with Marryin' Sam and foot stompin' music. The rest of the year passed quickly, leaving memories of a conference at the Pasadena Huntington Sheraton, a successful Christmas Party for the children at Camarillo State Hospital, an exchange day with Channel Island's Girls' League, the Spring Formal, and both a father-daughter and a mother-daughter banquet near the school year's end.

Boosts Spirit

The spirit of Hueneme Vikings was demonstrated this year in the combination of over one hundred student members in the Viking Spirit Association. The club spent the year pepping up assemblies with comical skits, supplying our teams and pep squad with boutonnieres, and raising money for a scholarship for the most active senior.

The fantastic spirit displayed this year was probably caused by those boisterous, brave, brawny boys on campus, the Viking Lettermen. All these boys are members of Sword and Shield, a club exclusively for Lettermen.

Through the Vocational Industrial Club of America interested students are able to develop skills in vocational leadership. This year members of the club were able to discuss opinions of good leadership qualities at a conference held at Lakewood High School. Other activities this year included giving a demonstration on how to recycle aluminum cans during the Shop Teachers' Convention at San Gabriel High School, selling tickets to the Fred Clark Memorial Breakfast, and working in the wood shop after school.

With the new swimming pool on campus came a new swimming team, and with that, several interested girls got together to form Timettes. The members of this new club are the official timers for the swimming team. When off the job these girls take time to promote interest on campus in the swimming team.

A similar organization, the Viking Hoopsterettes, was formed last year to promote basketball and school spirit. With program sales, benefit games, bake sales, and car washes, these energetic girls have raised in excess of \$750 to help the basketball program. The Viking Varsity wore scarlet blazers and patches purchased by the Hoopsterettes this year. Club members also kept statistics and records for the basketball program.

Clubs Devoted Their Energies to Service

Women's Lib reached Hueneme High's Interact Club this year when, for the first time in the school's history, girls were admitted membership to the club. The change proved profitable when the girls fired in and helped our branch of Interact International provide service activities for Hueneme High. The club kept busy this year assisting at the Fred Clark Memorial Breakfast, helping the P.T.A. at its annual Enchilada Dinner, and aiding A.F.S. by selling concessions during the football season. The year reached its climax when the club conquered Key Club at the annual Interact — Key Club Bowling Championship.

Key Club, another service organization on campus, is affiliated with the Kiwanis Club. With the motto, "We Build," the club strives to serve the school and the community, and to prepare members for useful citizenship. In fulfilling the purpose of the club, members helped with parking cars at the Fred Clark Memorial Breakfast, gave a Christmas party for Intensive Care patients at St. John's Hospital, and helped with the Camarillo Christmas party.

The Concert Choir, composed of some of the most talented young singers in the county, put no limits on styles of musical expression this year. Performances ranged in style from the rock concert, Joseph's Amazing Technicolor Dreamcoat, to the excellent presentation of the classical Vivaldi during the Christmas Concert and operatic music during the Spring Concert. Chorale, a small group of exceptionally good singers, selected from the Concert Choir, represented the choir this year in performing at special concerts.

A growing group in the music department is the orchestra. Under the direction of Mr. George Hamm, the orchestra has presented five major concerts and toured to various junior and senior high schools. Extremely busy during the year, there is even more planned for the orchestra next year.

Girls' Glee consists of girls working to attain a position in Concert Choir. These girls experienced the demanding schedule required of the choir members by accompanying the Choir in all the major concerts.

The Pep Band is a major contributor to the Viking spirit. Without the pep band, basketball games and assemblies just wouldn't be the same. This group is also invited to perform at many community functions. The pep band is composed of outstanding members of the concert band who practice long hours to give an always top performance. Hueneme High owes this unsung but important band of students a debt of gratitude.

Vikings Complete Impressive Season

This year's "mean red machine" compiled an impressive 7-2 record and a second-place finish in the Channel League.

Spearheading the Viking offensive attack was record-breaking junior signal caller, Joe Davis, a talented passer who made the Red and White a threat to score on every play. Rounding out the explosive backfield were star running backs Pat Moreland, Jim McDonald, and Bill McIntyre. Randy Marple and Greg County gave Hueneme the most dangerous pass receivers in the league.

Paving the way for the backs was the rugged Viking line, composed of Al Leuders, Rick BonDurant, Bob Ashworth, Kevin Wolf, and Mark Stocks. These unsung heroes consistently provided the blocking so essential to a top team.

Defensively, the Vikings were just as tough, with stars at every position. Among the standouts were George Waites, Joe Brown, Ray Johnson, Louie Tuitama, Greg Stull, Rick BonDurant, and Kevin Wolf.

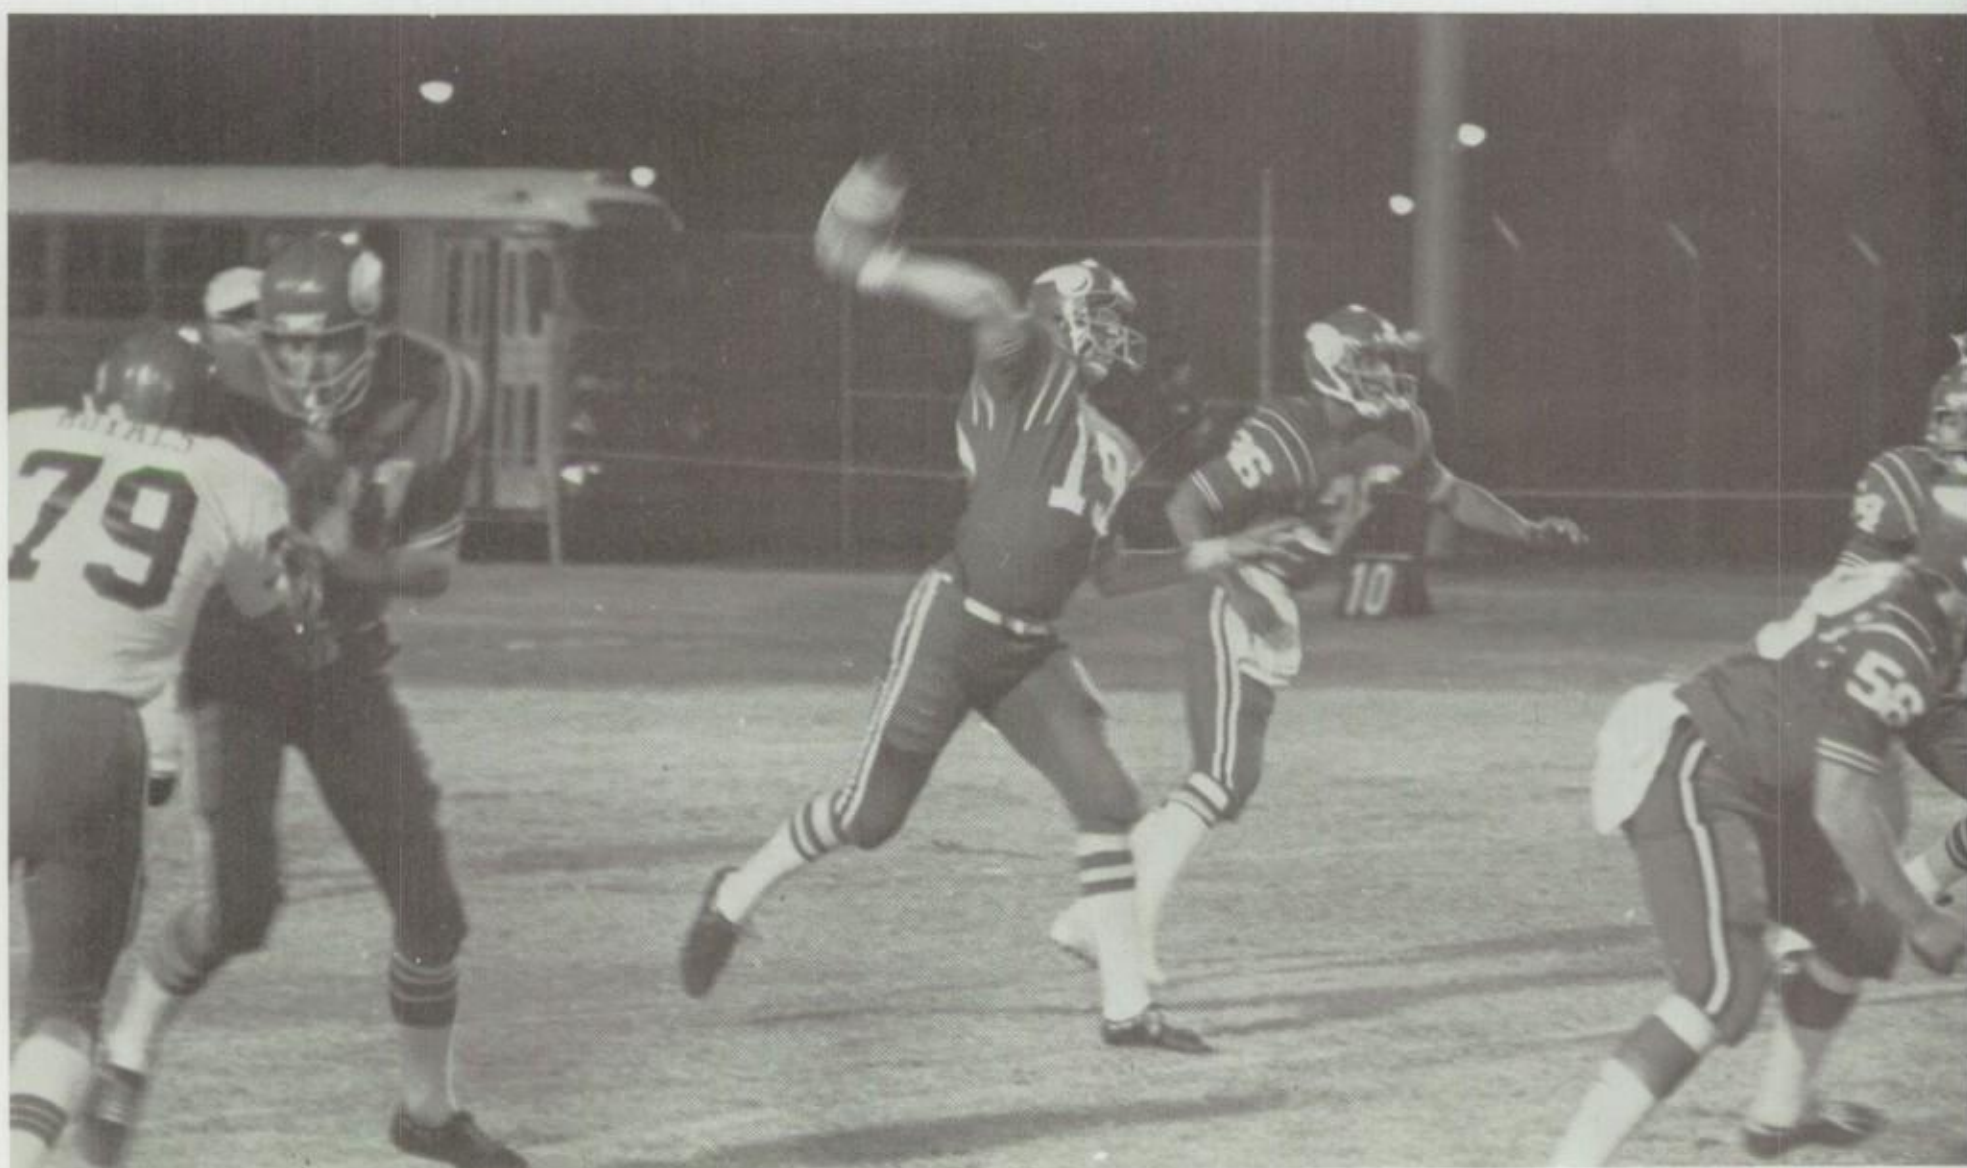

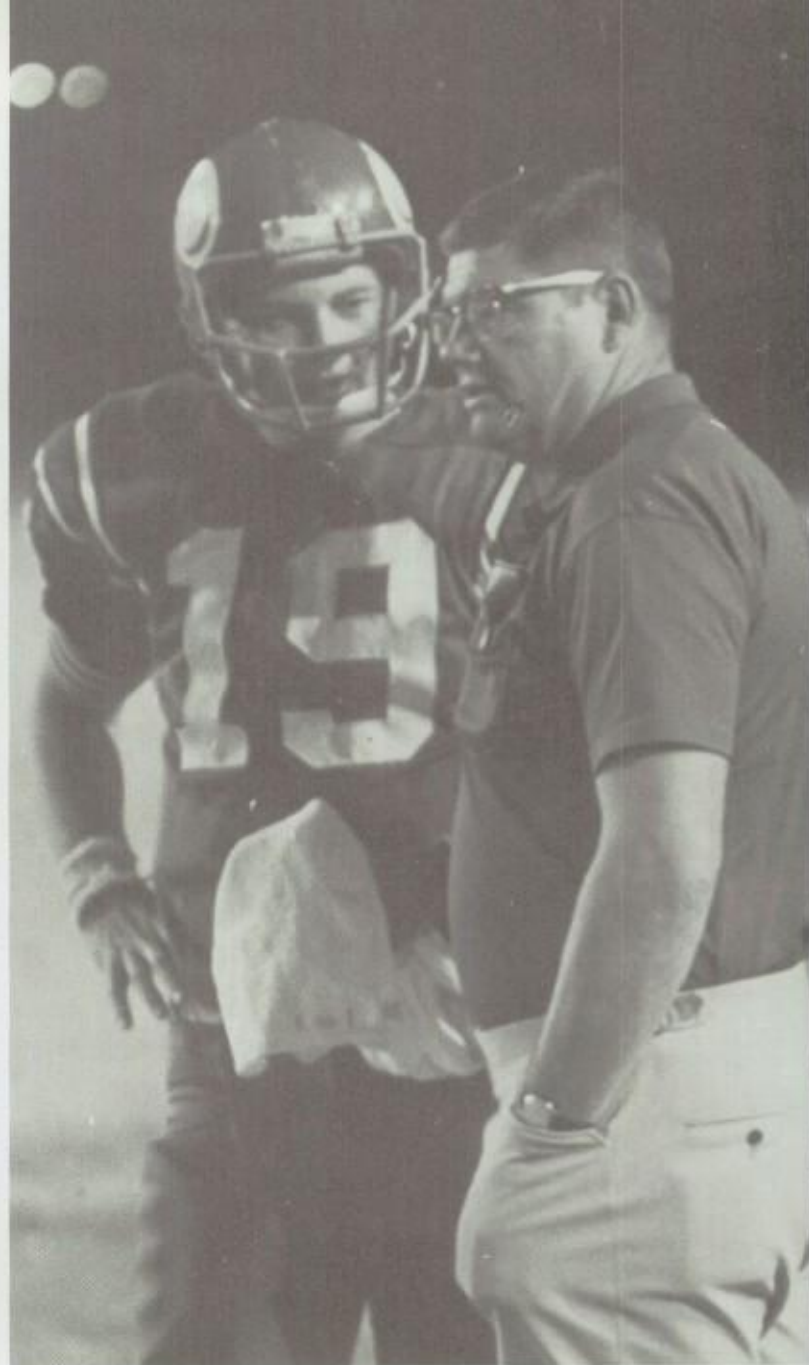

All in all, this year's Vikings had one of their most exciting and successful seasons.

JV's Show Strength and Potential

Striking early with an impressive shutout victory over Lompoc, the Vike Babes machine compiled a 4-4-1 record during season play. Under the leadership of Coaches Trotter and Gillespie, they gained the experience and knowledge needed to make the champion team in the years to come. With outstanding backs in Ron Vargas, Danny Thomas, and Efren Fornoles and defensive standouts in "Moose" Colton, Steve Adams, Robert Tye, and Tom O'Brien, future Viking teams should be great.

Cagers Fight to Impressive Record

After a disappointing start in which the Vikings lost their first four games by a total of 12 points, the 1971-72 team made steady progress. Many "firsts" were accomplished by the fast-emerging Viking basketball program. Beating Ventura and Buena twice and the final victory over Santa Barbara for the third place were the high points of the season. Hueneme's third place finish is the best conference mark in the school's history. The Vikings were a constant threat to contend with and were one of the teams to beat in the Channel League this past season. Led by junior Joe Davis and seniors Kevin Wolfe, Barry Wofford, Harold Champion, Joe Gutierrez, and Brian Shaw, the Vikings can be proud of their fine season. After many frustrating years, Hueneme basketball will now be a major contender for league honors in the years to come. Thanks to the hard work and dedication of this year's squad, the future has a firm basis upon which to grow.

JV's and B's Followed Varsity's Footsteps.

The Junior Varsity basketball team established an excellent season record of 14 wins against 6 losses. They won their first 11 games before being dumped by the Channel League Junior Varsity Champions, San Marcos. Scoring an average of 70 points per game, they had their biggest night against Notre Dame, defeating them 92-85. Other outstanding pre-league wins included 2 victories over Oxnard and 2 more over Channel Islands. In all games the teams average margin of defeat was only 6 points. Individually, Dan Gedies and Bill McIntyre were the teams leading scorers with 240 points, while Kim Nelson was right behind with 238. John Cummings, who played some varsity games, was the leading rebounder with an average of 11 per game, while scoring an average of 19 points per game. The strength of this years' J.V. team will contribute greatly to next years' Varsity.

Under the direction of Coach Lane the B's had an exciting season. Leading the team were such standouts as Ernie Ortega, Tony Carmens, George Thompson and Mark Conaway.

C's and Freshmen Gained Needed Experience

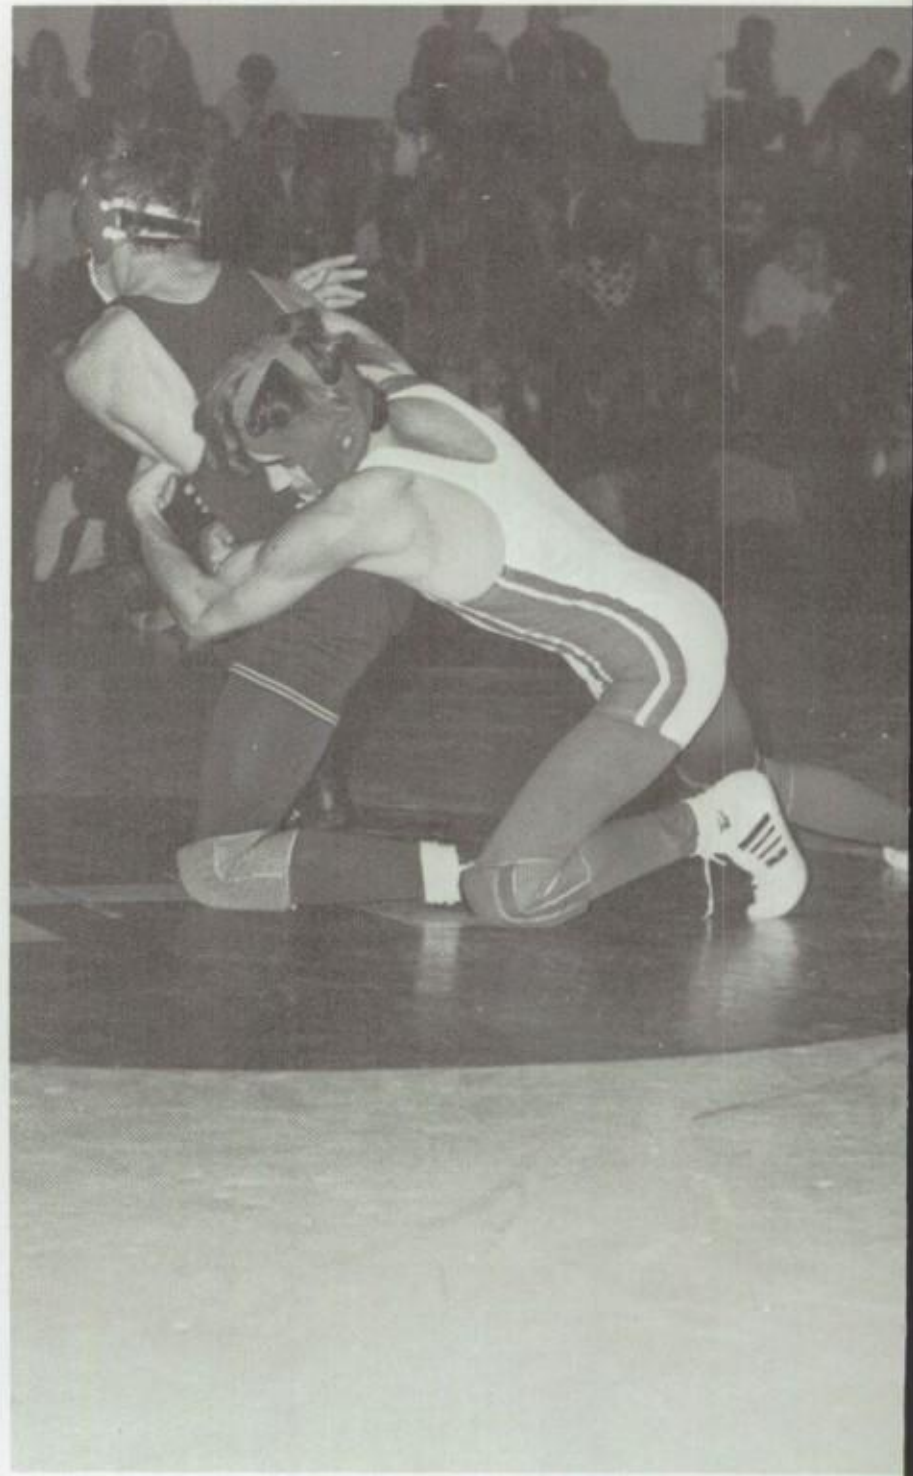

An instrumental part of the Hueneme High basketball program are the C and Freshmen teams, under the direction of John Meyer and John Harbour, respectively. On these teams the fundamentals of basketball are taught to the boys who will be the future Hueneme stars. This year both teams had winning records: the C's were 15-7 while the Freshmen were 7-4. The success of these teams brightens the basketball future at Hueneme.

Gutty Grapplers Encountered Stiff Opposition

In the midst of a rebuilding program, the Viking matmen turned in a 4-5-1 Channel League record, but regained some respect by tying the second place with Dos Pueblos in the Channel League Tournament. Pete Breslin, Rocky Escalante, and Louie Tuitama captured league championships in their respective weight divisions and also represented Hueneme High School in the CIF Semi-finals. Rocky Escalante advanced to the CIF Finals, but was forced out of competition by a dislocated elbow.

Prospects Appeared Good for Vikes

Returning from last year's CIF squad were several lettermen, led by all-star third baseman Barry Wofford. Dennis King, Curtis Lewis, and Lonnie Trotter composed the pitching staff for this year. Like last year's team, the baseballers will again be in contention throughout the entire season. The year's squad was a promising one and Coaches White and Cook had high hopes for a CIF berth.

JV's Off to Good Start

The Junior Varsity began their season with an impressive 7-2 victory over the Villanova Varsity. Other pre-league victories included impressive wins over the Rio Mesa Varsity, Camarillo J.V., Dominquez J.V., and Alemany J.V. Channel League play opened with another victory over San Marcos which extended the Junior Varsity record to 6-0. Those making outstanding contributions in the wins were John Cummings, Rene Martinez, Bob Woodside, Bill Capko, Mike Maulhardt and Mike Lake. The Junior Varsity hopes to extend their winning streak and seek an elusive Channel League title.

Harriers Stamina and Courage Produced a Winning Season

Members of Hueneme's cross-country team go through countless hours of gruelling practice for relatively little glory. What makes them run? The answer is the personal satisfaction each runner derives from a 100% effort. This year's determined team ran to a 5-5 record, with John Bradford and Michel Williams leading the pack. Bradford was undefeated in all but one league race this year, while Michel, only a junior, is a major reason for future optimism.

Vikes Rated With State's Finest

The 1972 Varsity track team looks ahead to a fulfilling year. The Vikings, potentially the best team in the Channel League, are led by speedsters Frank Jackson, Gerald Bills, John Bradford, Michel Williams, and Zachary Marsh. Outstanding field performers are big Mike Woody, Brad Ludy, and Charlie Hall. Five Vikings, were invited to compete in the prestigious Sunkist Invitational, with John Bradford capturing the high school 880 championship. Performances such as his combined with an undefeated pre-league season are the reasons Hueneme expected a successful year.

B and C Track Men Seek Improvement

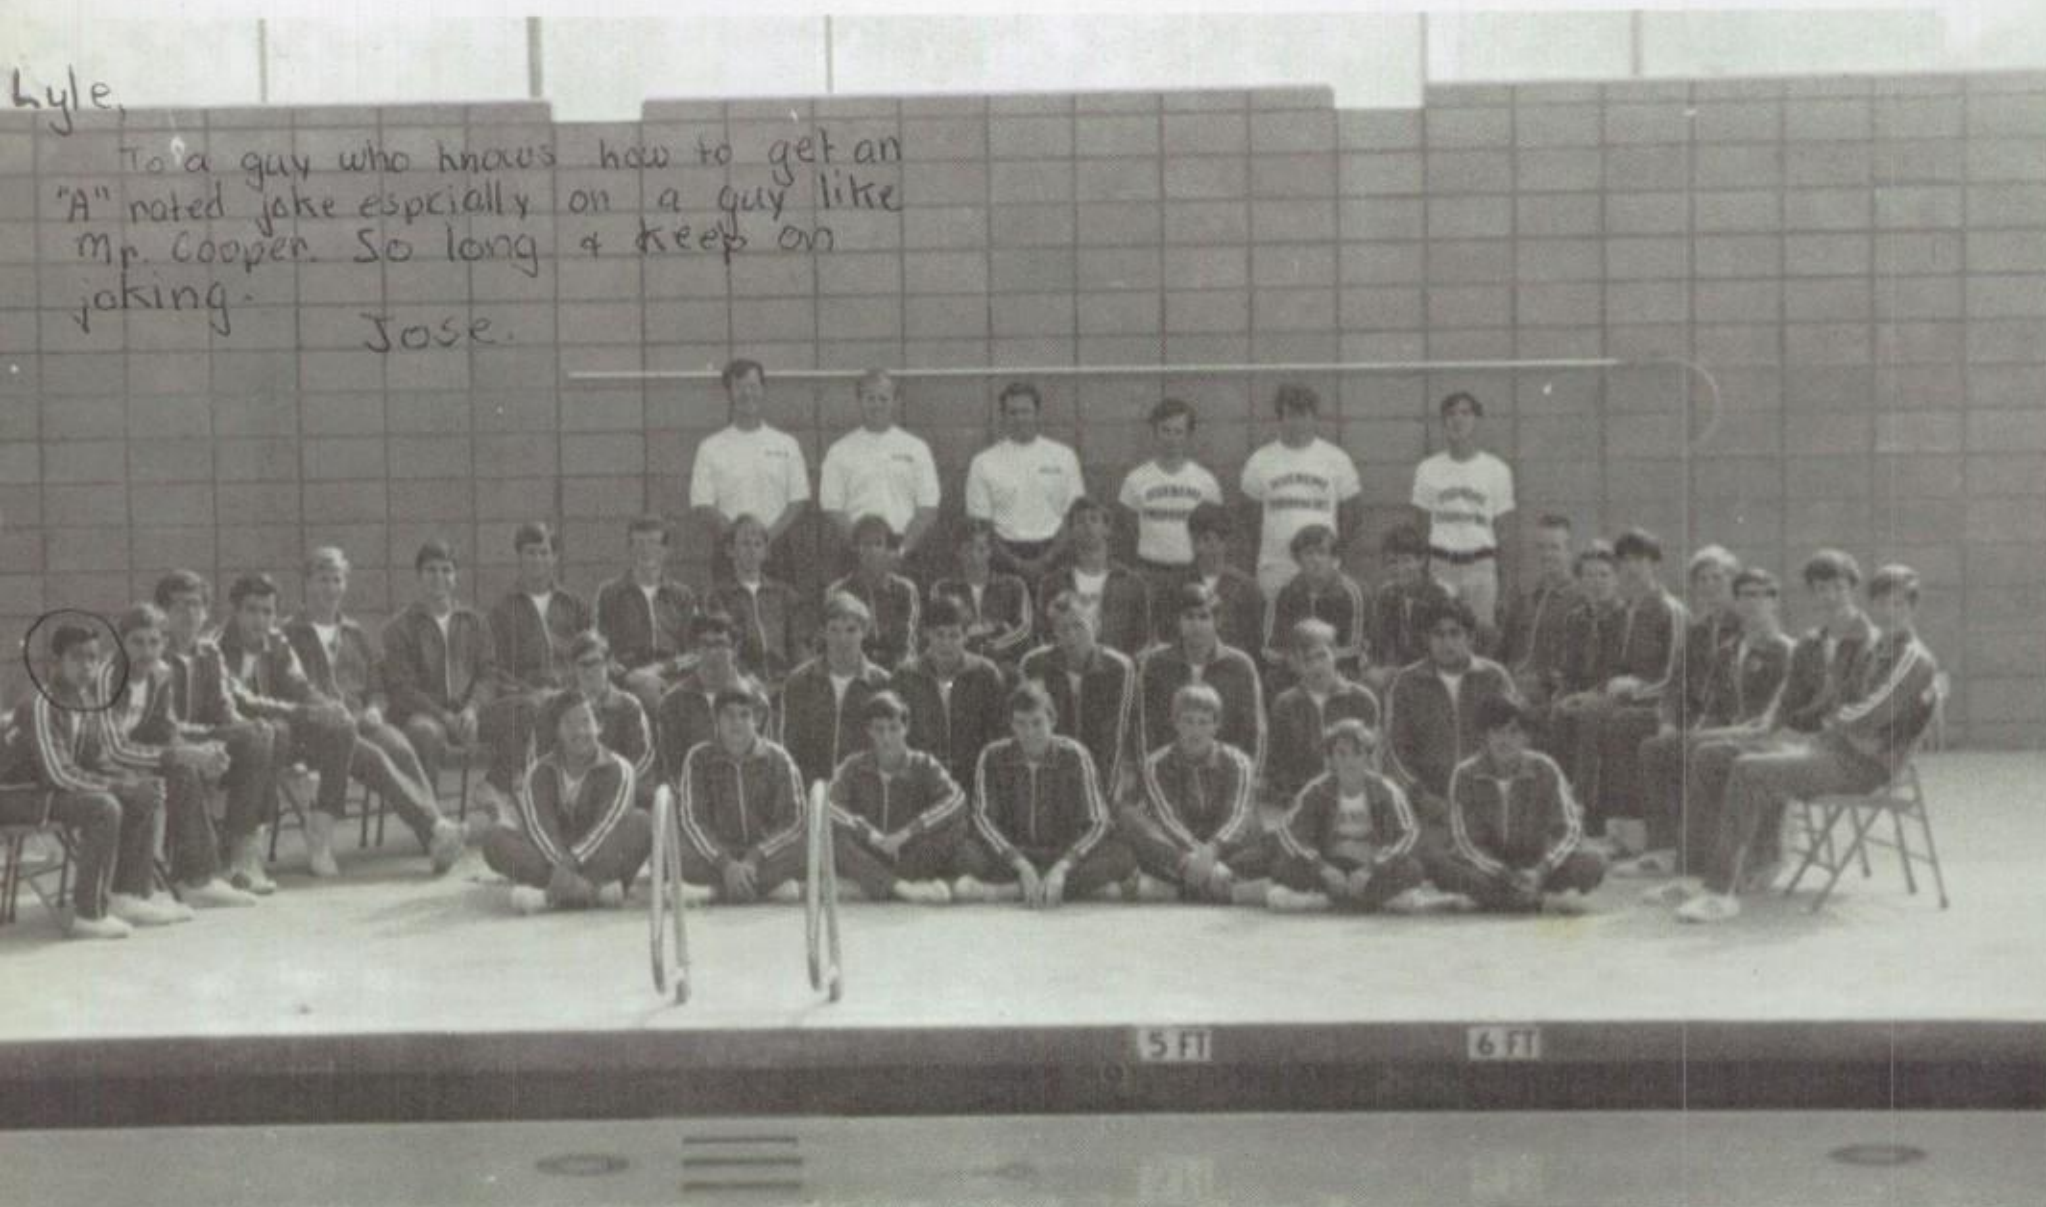

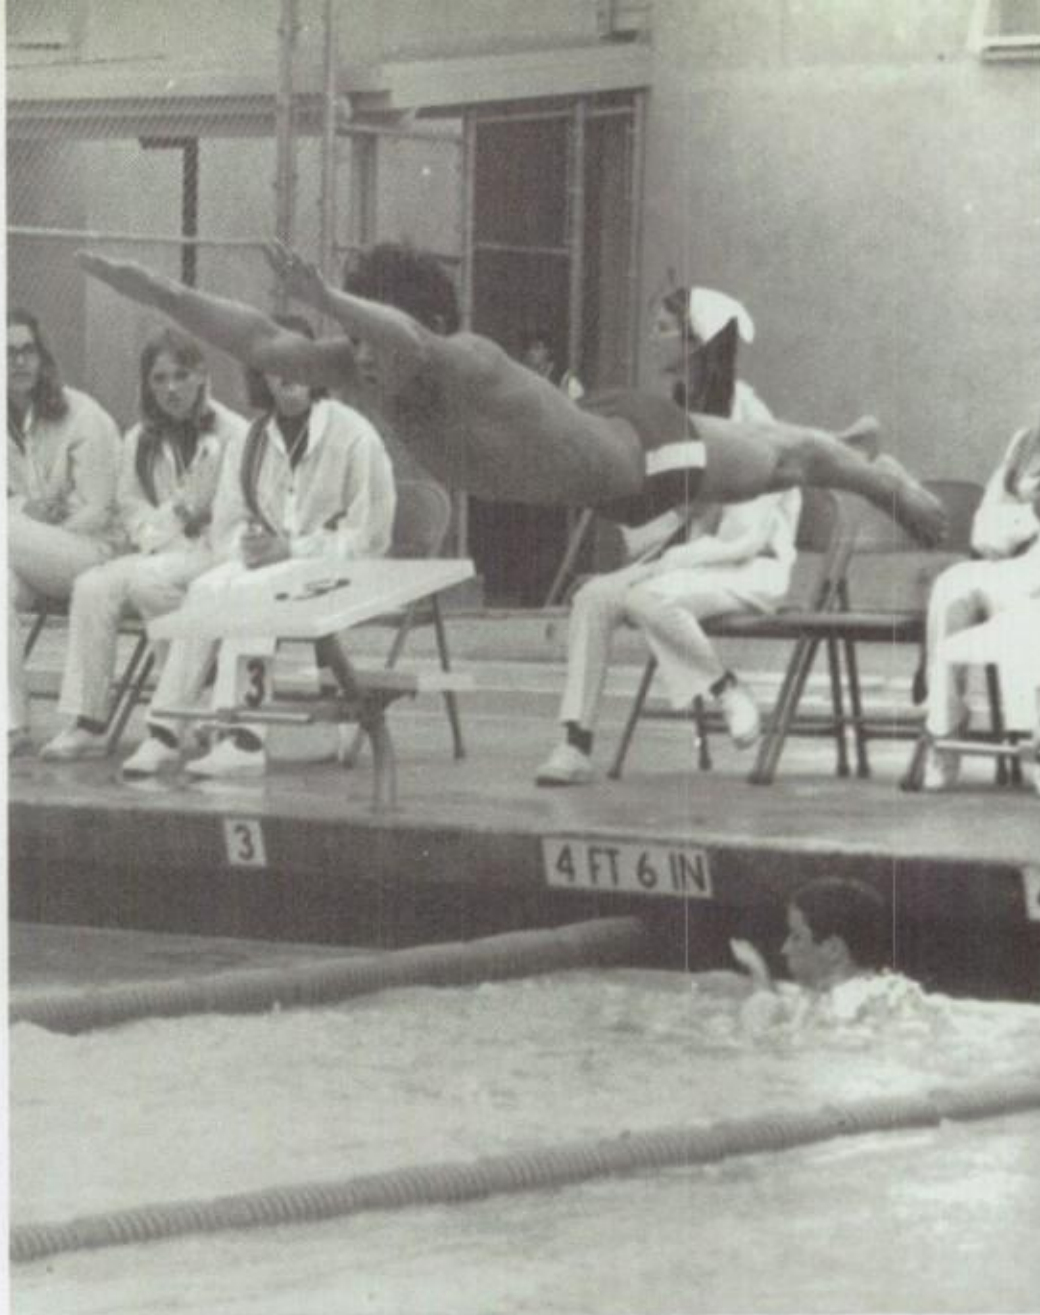

The purpose of the B and C Track teams is to build future varsity stars for Hueneme. Assisting Coach Morgan with this task are coaches Richard Buck and Dennis Cooper. With the hard work these coaches and kids put together, Hueneme is assured of another fine crop of standouts in the years to come.

First Viking Swim Team Revealed Power

The year 1972 marked the beginning of the Viking Swim Team at Hueneme High. The first year team began with 41 enthusiastic team members of which 18 were freshmen and 12 were sophomores. With the excellent progress the team made in its first year, it won't be long before Hueneme produces a first rate swim team. In the first meet of the season, the Buena Relays, the new Vike swimmers walked off with the "C" division championship trophy. The "C" breaststroke relay team of Kirk Sturm, Jose Duenas, Robby Moore and Ted Sturm led the way by breaking the meet record. With only three seniors graduating the 1973 swim team should be a good one. the '72 grads are Albert Manzo, record holder in the 100 yard freestyle, Mark Schallheim a consistent place winner in the 100 yard Breaststroke, and freestyler Mark Kent. The remaining swimmers have shown good potential and many could develop into future Varsity Stand-outs.

Golf and Tennis Teams

Ready-Threat to Opponents

This year's golf team under the coaching of Lou Rada had high hopes for a strong season. With a field of veterans leading the way, the team promised lower scores.

The Tennis team under the direction of Bennie Anderson started the season with three victories in a row. With returning lettermen Paul Moranda and Hank Beal, the team predicted one of their finest seasons ever.

Zealous Cheerleaders Rallied Behind JV's and Frosh

Indispensable to the Junior Varsity and Frosh Teams this year were their cheerleaders. The Junior Varsity cheerleaders headed by Nancy Moeschler, and the Frosh cheerleaders headed by Caren Brown, practiced long hours after school to develop precision in imaginative routines. The hard work was followed up with many hours of leading Hueneme students in cheers at games and assemblies.

Girls with athletic interests took part in sporting activities sponsored by the Girls' Athletic Association. The girls met three times a week during the whole year practicing for interscholastic tournaments on Mondays, participating in single sports on Wednesday, and meeting with other schools on Thursdays for tournaments.

Enthusiastic Song and Cheerleaders Built Student Spirit

Above Right: Smiling happily, Moana Lee leads the cheering section in a song. *Right:* Songleader Jody Moeschler expertly executes a routine during an assembly.

Composed of four cheerleaders, five songleaders, and one mascot, the Viking Pep Squad made the year of '72 one of the greatest, most spirited in Hueneme history. During the summer, the girls practiced long hours to prepare for the upcoming season. The songleaders, headed by Jody Moeschler, took second place and the spirit stick at songleading camp at the University of Redlands while the Cheerleaders took first place at their camp. Once school began, the girls practiced daily to perfect their routines and learn new ones. With their liveliness and spirit they led the crowd in songs and cheers at every game to lead the Vikings to victory!

Faculty

Administrators Guided Progress of School

Controlling the budget, policies, and curriculum of every school is the responsibility of the District Board. Although the majority of the students will never meet the members of this board, they are directly affected by their actions. Their primary objective is to offer the best education possible with the available money and tactfully administer to the needs of faculty and students.

The responsibility of running a high school is divided among several people. For the school to be run successfully, each of these people must be able to handle their jobs effectively. The lack of problems Hueneme High has had reflects the abilities of our principal and vice principals, and the competency of our administration as a whole.

Art Department

Hueneme recognizes the importance of cultural as well as academic development, and this concept is reflected in the excellent Fine Arts department. Art students are shown how to create the beauty their minds have imagined, while the teachers strive to instill fundamental concepts without stifling creativity. The results are mind-expanding works which have won local and national acclaim. Music classes range from those getting a basic knowledge of music appreciation to an in-depth analysis of how music is constructed. In between lie performing groups such as choir, a trophy-winning marching band, and the largest high school orchestra in the Tri-Counties. Dedicated instructors work long hours to mold talented individuals into cohesive units, and the school and community appreciate the beautiful music the work creates.

The large English Department offers instruction in a wide spectrum of fields. Grammar and reading lab classes provide students with fundamentals necessary to everyday life, while active drama classes appeal to others. For those more interested in literature, new one-semester classes ranging from composition to mythology offer in-depth studies previously available only in college. No matter where a student's interests may lie, the modern English Department can provide mind-exercising study in that area.

To achieve harmony between the peoples of the world there must be communication and understanding. To help students understand other people, the Foreign Language teachers instruct three languages — Spanish, French and German. These courses span a bridge from basic grammar to advanced study of the literature and culture of each country.

History Changes With the Times

The Social Science Department has shown great amounts of flexibility in adjusting its curricula to fit our changing world. New classes in psychology, sociology, urban environment and minority studies prepare students to cope with the problems of today, while the traditional history classes still prove that the future can be predicted through knowledge of the past. The willingness of this department to face controversial issues renews student belief that the open-mindedness necessary in education is present at Hueneme.

Industrial Arts, Supplied a Practical Education

Grandmother never had it as good as the girls enrolled in home economics courses at Hueneme. Courses include child care, cooking and sewing which serve as fundamentals in preparation for a successful home life. A new class this year was home economics for boys. This class provided the young bachelors with the essentials of home life without a wife.

The technical training needed for a vocation is provided by the fine Industrial Education program at Hueneme. Students learn how to use basic power tools and the techniques of cutting, forging, casting and the working of plastics so that they can apply these skills to industry.

Math and Science Challenge the Best of Minds

Realizing that different people have different capabilities and needs, the Mathematics Department is prepared to help the individual. Preparing students to handle day-to-day mathematical needs is the goal of some classes, while others confront the mysteries of college calculus. Within this structure lie the equations of algebra, the logic and theorems of geometry, and the physical application of trigonometry. In all classes, however, the common denominator of dedicated teachers is present.

The goal of the Science Department is to stimulate future scientists' desire to add to the constantly climbing wealth of knowledge the 20th century has brought. From the inner workings of the atomic nucleus to the mysteries of the universe, from the physical structure of men to the origins of life itself, science explores the life we are a part of. Hueneme students learn by experiment and observation. The large number of students in the program illustrates the growing number of people who realize that science involves not just a select few, but the lives of everyone.

Business Education provides techniques which enable the student to handle his own personal business decisions. From budgeting to typing, the students are given principles and procedures of business which will aid him in understanding the business world as well as his own private needs.

Physical Education at Hueneme has two basic goals: to develop a healthy body and to encourage team and individual sports so that the student will enjoy the recreational aspects of games and see how physical skills can add to the fun of life. Along with this, instruction is given in living habits, first aid and other practical areas which help the student to better health.

Enthusiastic Counselors Guide Students

Hueneme's counselors face the awesome task of coordinating curriculum disorders and career plans for 2500 students. Through a seemingly endless series of problems, these experienced helpers retain their enthusiasm to help students adapt to adult responsibilities. Also vital to the Viking ship are the secretaries. Working long hours to keep necessary records, the office staff always presents a cheerful picture of Hueneme High School.

Special People Perform Special Services

Responsible for the maintenance of the school buildings and grounds were the Custodial Staff. To some, the work of the custodians may not have been evident because much of it was done before and after school. Each day, over a thousand nutritious lunches were prepared by the hardworking Cafeteria Staff. The staff's day began early in the morning with the preparation of food and ended only after clean-up was done after the noon meal.

Seniors Prepared to Face the World

As Seniors, we are now on the brink of something new, something momentous. With graduation we will advance into the adult world of responsibilities, decisions and independence. Behind us we will leave four years of crowded classrooms, tardy slips, homecomings, happy times, and distressing moments. During these past few years we were to have built an educational foundation that will carry us into whatever our future may hold. We were to have searched inside ourselves to find our truths and beliefs. What we found was up to us as individuals and what we will find in the future is also determined by us. As graduation brings our high school years to a finish and we leave our walls of security behind, we will step forward to meet the challenge of advancing to places unknown, building our own walls whatever they may be.

Juniors

Head for Success

In their third year, the class of '73 marked their debut as upperclassmen with habitual nonchalance. Maturity and knowledge gained in earlier years were evinced by disdain for social trivia. A rousing sports night in the fall began frenzied activity, winning second place for their homecoming float climaxed the fall semester. Finally, the junior-senior prom became a reality. Juniors could sigh with relief and look forward to their senior glory.

Sophomores High on Spirit

A high-spirited and enthusiastic Sophomore Class led by Patty Garcia proved to be outstanding with the many undertaken projects and their accomplishments. The first event of the year was the construction of the prize winning Homecoming float. The sophomores showed their spirit throughout the year winning many of the pep rallies at the assemblies. Under the guidance of Miss Klinger, the class showed active participation and willingness to serve. With another year of experience behind them, the class of '74 looks on to better and greater years.

Freshmen Look to the Future

The freshman year can be the most bewildering year in high school, but it should also be the most educational. During the first year the newcomers become accustomed to high school life, and henceforth feel as if they belong. Leading the freshman class this year was President Jose Duenas. Jose planned a busy frosh schedule, including sports nights, candy sales, and a Viking Lights drive. Hopes for a bright Viking future are bolstered by the present freshmen accomplishments.

In Appreciation

The master teacher does not compromise quality of education for student rapport, realizing that a teacher truly concerned with the students future will teach them, not joke with them. This has been the guiding principle in every class of Mrs. Dorothy Price. Her students gradually understand the wisdom in her commitment to excellence, next appreciate her valuable insight, and finally love her as her humor brightens the classroom. This is why we at Hueneme consider it a privilege to have her as a teacher, and why we proudly dedicate the 1972 Voyage to Mrs. Dorothy Price.

Kyle,
Well, we made
it through another
year. It's been really
fun knowing you and
walking and talking to you.
I wish you a nice guy and
in all you the best of luck and
keep on true kin. Have fun and

To a guy
who needs
to work on
his pitching
also bring
up your batting
average or you'll
never make it.

(P.S. I hope you guys
win the pennant.)

To Woody
To a good friend
of mine even
though you're a
chatchet man in
basketball.

Kenny Dorch

Lyle,
you're a real
nice guy. Keep
working hard and
someday you'll make it.
Either Spanish or Baseball.
Love,
Kelly Paterson

Be sure to go
out for lunch.
Good luck.
Don't forget
to bring your
pitching report
to the next
meeting.

Hey,
Bum.
wait!

So a cool guy
live since you were
on our paper. It's been fun
and I hope you do good things
because I'm sure you'll win the championship
and good luck next year. have a good summer
